

SENIORITY LIST

EFFECTIVE: November 1, 2014

An asterisk after either (1-8) or (K-8) on the seniority list concerning K through 6th grade indicates that the staff member has obtained a certificate to teach 1st grade through 8th or K through 8. However, it should be noted that such a certificate does not of itself entitle the staff member to teach 7th or 8th grades, but rather is subject to the discretion and approval of the Board of Education. The present practice of the Board of Education is that staff members with grades K-8 or 1-8 certification must also have a subject matter endorsement to teach a subject at the 7th and/or 8th grade level. Any change in this practice will be subject to Board of approval.

In accordance with the order entered by the Connecticut State Board of Labor Relations on August 15, 1983, in re: Connecticut State Council of AFSA Locals, AFL-CIO, Case No. TDR-7161, all administrators have been placed in their appropriate position on this seniority list.

Elliott Landon, Superintendent
